

Artist Bio: Barb Hamlin

Barb Hamlin is better known for her involvement in sports and as a PE teacher but has always artistically expressed herself. Her first art lessons were three continuing education classes with well known artist Michael Vermette, currently showing at North Light Gallery in Millinocket. Barb has been with the Enfield Grange painters under the guidance of established artist June Grey since 2012. When not able to paint, Barb enjoys studying art and working with photography, in addition to sports.
